Ananya Krishnan

Product Analyst · SQL · Experiments · Mixpanel

Chennai · +91 90000 10006 · ananya.k@example.com · github.com/ananya-k-analytics

Summary

Economics graduate who connects product metrics to decisions. Comfortable with SQL, experiments and talking to PMs.

Experience

Product Analyst Intern · Rangoli (social commerce app)
Jan 2026 – Jun 2026
• Defined the activation metric (3 orders in 14 days) now on the leadership dashboard.
• Ran funnel analysis in Mixpanel and SQL; found a payment step losing 18% of users, fixed in the next sprint.
• Analysed 6 product experiments and wrote decision memos for the PM team.

Research Assistant · Department of Economics, Stella Maris College
Jul 2024 – Dec 2025
• Cleaned and analysed survey data from 2,000 households in R and Excel.

Projects

Swiggy vs Zomato Pricing Study
github.com/ananya-k-analytics/delivery-pricing
• Scraped 5,000 menu prices and tested surge pricing differences with regression.

Skills

Analytics: SQL, Excel, R, Python (Pandas), A/B testing, cohort and funnel analysis
Product: Mixpanel, Amplitude, Google Analytics 4, Looker Studio
Communication: Decision memos, stakeholder presentations
